From the Editor

Dear IJCER Readers,

Welcome to Volume 4, Issue 2 of IJCER

There are 2 articles in December 2017 issue. The first article is written by Eva MREKAJOVA. The title of the article is FRIENDSHIP NETWORKS OF INTERNATIONAL STUDENTS ATTENDING LONG-TERM PROGRAMS IN TURKEY: IMPLICATIONS AND A NEED FOR INTERVENTION. This qualitative study explores the friendship networks of international students attending long-term programs in Turkey with a focus on their close friendships with host country nationals based on Bochner's (1977) functional model for the development of overseas students' friendship patterns. TURKISH EFL LEARNERS' ATTRIBUTIONS FOR SUCCESS AND FAILURE IN SPEAKING ENGLISH is the title of the second article by Dr. Yusuf DEMİR. This article examines Turkish EFL learners' attributions for success and failure in speaking English in terms of locus of causality, external control, stability and personal control dimensions, and also aims to find out the impact of gender and department variables on learners' attributions.

Hope to meet you in the next issue of IJCER.

Regards,

Cahit ERDEM
