About

The aim of the journal is to contribute to science by publishing high quality publications of scientific importance. For this purpose, research articles, reviews, case reports and letters to the editor are published. International Journal of Contemporary Educational Research (IJCER) is open to all kinds of papers related to educational sciences. In particular, papers on teaching and teacher education, educational administration, counselling and student services, rural education and small schools, elementary and early childhood education, higher education, adult-career and vocational education, assessment and evaluation are welcome. Papers on science, reading, English and communication education, disabilities and gifted education, mathematics and environmental education, social studies and social science education, and urban education are also considered for publication. International Journal of Contemporary Educational Research is an independent, double-blind peer-reviewed, open access and online journal that aims to publish papers in all fields related to educational sciences. Papers should describe original data that have not been previously published or submitted for publication elsewhere. Manuscripts that are deemed suitable for the International Journal of Contemporary Educational Research submission rules and the scope of the journal are sent to at least two reviewer who are experts in their fields for scientific evaluation. The members of the Editorial Board of the International Journal of Contemporary Educational Research discuss the suitability of the manuscript and then take into account the reviewers comments on each submission. The final decision for all submitted manuscripts rests with the Editor-in-Chief. The Editorial Board of the International Journal of Contemporary Educational Research is committed to complying with the criteria of the International Council of Medical Journal Editors (ICMJE), World Association of Medical Editors (WAME) and Committee on Publication Ethics (COPE).

Fee Policy

The publication of articles in the journal and the execution of article processes are not subject to any fee. No processing or submission fee is charged for articles submitted to the journal or accepted for publication. International Journal of Contemporary Educational Research does not accept sponsorship and advertisement in accordance with its publication policies. All expenses of the International Journal of Contemporary Educational Research are covered by the publisher.

Articles published in the International Journal of Contemporary Educational Research are digitally archived in LOCKSS. In addition, published articles can be accessed by the author in the institutional archive of the university where the author works, in thematic archives or in any other archive without embargo period. Thus, anyone can access this publication immediately free of charge.

Muhammed Zincirli, publisher of International Journal of Contemporary Educational Research (e-ISSN: 2148-3868), is pleased to announce the archive policy in accordance with its policy of supporting the dissemination of research results:

- The International Journal of Contemporary Educational Research allows authors to use the final published version of an article (publisher pdf) for self-archiving (author's personal website) and/or archiving in an institutional repository after publication.

- Authors may self-archive their articles in public and/or commercial subject-based repositories. There is no embargo period but the published source must be cited and a link to the journal home page or DOI of the articles must be set.

- Authors can download the manuscript as a PDF document. Authors can send copies of the article to colleagues without any embargo.

- International Journal of Contemporary Educational Research allows all versions of articles (submitted version, accepted version, published version) to be stored in an institutional or other archive of the author's choice without embargo.

- International Journal of Contemporary Educational Research uses the LOCKSS system to allow the creation of permanent archives. Based at Stanford University Libraries, the LOCKSS Programme provides libraries and publishers with award-winning, low-cost, open source digital preservation tools to ensure access to permanent and authoritative digital content. The LOCKSS Programme is a library-led digital preservation system built on the principle of "securing large numbers of copies". The LOCKSS Programme develops and supports libraries using open source end-to-end digital preservation software.
